

First Student Festival

The ITI/UNESCO Network for Higher Education in the Performing Arts has invited applications for its first Student Festival in Segovia. It will be part of the 35th ITI World Congress and is called the Congress Prologue. The festival will manifest the new Network's values of deep cross-cultural exchange, inclusivity, artistic integrity and experimentation, and pedagogical innovation. There are a dozen universities that have applied to be part of this unique international Student Festival.

The theme of the Festival is tied to theme of this year's ITI World Congress: "Act! Performing Arts Transforming the World".
